

AT A GLANCE

Our **Heart of the House Society** celebrates the generosity and commitment of our major donors who help provide a world where all children have access to life-saving healthcare and where families are fully supported and actively involved in their children's care.

Legend, pictured at Ronald McDonald House Boston Harbor, was born with Heterotaxy Syndrome with Congenital Heart Defects and sought the Biventricle Repair Program at Boston Children's Hospital.

By becoming a Heart of the House Society member, you will have a direct impact on families like Legend's who stay at both RMH Boston Harbor and RMH Providence. You will help to keep families close to the critical medical care their child needs.
