

#RaiseLove Online Fundraisers

For a sick child, sometimes the best medicine of all is having family nearby for more hugs, kisses and I love you's. RMHC of New England helps keep families together to their children to do just that.

We can't do it alone. Through the support of other families, staff and volunteers, we can make a difference for RMHC families. And, now you can help too by creating your very own fundraiser by juggling, swimming or creating something totally new. You can do whatever you LOVE to do and raise funds #forRMHCNE.

Start a fundraiser today to help us comfort more families and provide more overnight stays so they can share more hugs, smiles, and time together.

Reach out to your personal network and use all your talents to help RMHC give families the gift of laughter and togetherness.

Set a goal. See how much love your friends and family can help you raise!

Share! Take plenty of selfies and videos to inspire others to fundraise #forRMHCNE.

With your selection to support a local RMHC Chapter, the Chapter you have designated will receive a grant from RMHC, Inc. for 100 percent (100%) of your donation.
