Ronald McDonald House Charities of New England develops, supports and provides programs that directly improve the health and well-being of children and their families.

We fulfill our mission by supporting families of seriously ill children, creating programs that keep families close to each other and the vital healthcare services they need in order to enable children to live happier, healthier lives.

We have the same household needs as you have in your own home...except we have 28 bedrooms in Providence and 11 apartments in Boston!

Thank you for your support and for helping to ensure our families are able to rest easy during their time with us!
